

What is the Sanitary Dignity Framework?

- 💧 The Sanitary Dignity Framework is a document which addresses menstrual challenges by proposing acceptable national norms and standards in respect of the provision of sanitary dignity to indigent persons.
- 💧 It provides a framework for a uniform approach to the provision of sanitary dignity (the preservation and maintenance of the self-esteem of an indigent girl or woman especially during menstruation) in order to protect and restore the dignity of indigent persons.

The full Sanitary Dignity Framework can be found here:
